

California Classics (Hull) Limited (hereinafter referred to as CCHL)
Vehicle rebuild programme terms and conditions.

The deposit secures a specific rebuild slot, this deposit retains the price quoted and funds the body shell/donor car and any other items deemed necessary.

Deposits are non-refundable, we have set aside several weeks of workshop time and refused other work to allocate the specific time slot.

Only in very special circumstances will we refund the deposit or part of the deposit, it is subject to any costs and/or expenses incurred, in addition we would then need to re-allocate the specific rebuild slot, this procedure is at the sole discretion of CCHL.

Payment for goods and work carried out must be paid for in full using cleared funds before any goods are released or delivered.

Once an agreed specification has been finalised and the deposit paid, the price is fixed, any extras requested later are chargeable over and above.

All cars are rebuilt to our standard specification and carry a 12 months or 12000 miles warranty, covering parts and labour on new or reconditioned items fitted (as detailed in the specification)

Warranty work must be carried out by CCHL, no third party invoices can be accepted unless specifically agreed.

In the unlikely event that a vehicle suffers a problem and it is not possible to return it to CCHL (for example if the vehicle is abroad) the following Warranty Repair Method is to be implemented

We need,
The make, model and year of the vehicle
The mileage at purchase
The current mileage
Full Details of the issue

The vehicle must then be delivered, at the owner's expense, to an agreed garage. No repairs can be started until the full cost and the type of repair have been agreed with CCHL. If a repair is agreed, CCHL will then issue a Warranty repair document authorising the necessary repairs, or replacement, at the agreed cost.

We will pay the agreed number of hours of labour calculated at our internal rate and/or supply the parts required or refund the replacement part(s) needed at the cost price to us.

All claims must be made within the warranty period of the vehicle, we will not accept claims

outside of the agreed warranty period/mileage. Should a part fail we aim to replace the item with an equal part if readily available, alternative supplies may have to be arranged if certain parts cannot be located in a reasonable time frame. Any Fault should be reported immediately so that prompt action can be taken to avoid further damage to any other components, if the vehicle is driven with a failed item, the consequential damage or failure of other items damaged are not covered.

No invoices will be accepted for payment without the Warranty repair document.

CCHL reserves the right to provide any parts needed. All faulty or damaged parts removed under the terms of this Warranty shall become the property of CCHL and MUST be returned.

Failure to comply with any of the above may invalidate the warranty. Any modifications undertaken without the written consent of CCHL will invalidate this Warranty.

This Warranty only covers the vehicle when in use on public paved roads and does not apply in marine situations, competition, race, rally or speed trials.

If the vehicle is to be used for towing, then this must only be done within the manufacturer's

recommendations.

This Warranty will not cover any defect, damage or breakdown resulting from misuse, negligence or collision.

This Warranty will not apply if the repair is necessitated simply as a result of fair wear and tear.

This Warranty does not cover towing, recovery, re-delivery or any consequential costs incurred (e.g. replacement/short term hire vehicle, overnight accommodation etc).

The vehicle owner is responsible for the costs of maintenance items replaced during Warranty repairs.

This Warranty is valid and effective only if all terms and conditions (including the Repairs Procedure) are fully complied with.

Any modifications carried out without the specific written consent of CCHL will invalidate this Warranty.

Interior trim colours and leather samples may vary slightly in colour and shade due to the nature of the material used. All cars are built to an individual specification, the customer will be required to complete the entire transaction and

pay any monies owing should they decide to cancel the order when the vehicle is completed. I agree to the terms and conditions set out above and by my signature below
I authorise CCHL to prepare for me the following vehicle.
